The diagram illustrates a class hierarchy. At the top, two boxes represent the base classes: 'QObject' on the left and 'QxtPrivate< QxtServiceBrowser >' on the right. Below these, a third box represents the derived class 'QxtServiceBrowserPrivate'. A horizontal line with two vertical end-caps connects the bottom of the 'QObject' box to the bottom of the 'QxtPrivate< QxtServiceBrowser >' box. From the center of this horizontal line, a vertical line descends to the top of the 'QxtServiceBrowserPrivate' box, indicating that this class inherits from both 'QObject' and 'QxtPrivate< QxtServiceBrowser >'.
