A UML class diagram illustrating inheritance. At the top is a box labeled 'QwtAbstractScale'. Below it are three boxes: 'QwtKnob' on the left, 'QwtSlider' in the center, and 'QwtThermo' on the right. A horizontal line connects the three bottom boxes, and a vertical arrow points from the center of this line up to the 'QwtAbstractScale' box, indicating that all three subclasses inherit from the abstract base class.
