QxtTreeWidgetPrivate

```
classDiagram
    class QObject
    class QxtPrivate["QxtPrivate< QxtTreeWidget >"]
    class QxtTreeWidgetPrivate
    QObject <|-- QxtTreeWidgetPrivate
    QxtPrivate <|-- QxtTreeWidgetPrivate
```

The diagram illustrates the class hierarchy for QxtTreeWidgetPrivate. It is a UML class diagram with three classes represented by rectangular boxes. At the top left is the QObject class. At the top right is the QxtPrivate< QxtTreeWidget > class. At the bottom center is the QxtTreeWidgetPrivate class. Two inheritance arrows point from the QxtTreeWidgetPrivate class to the QObject and QxtPrivate< QxtTreeWidget > classes. Each arrow consists of a horizontal line segment with a vertical line segment ending in an arrowhead pointing towards the superclass box.
