

QObject

QDesignerCustomWidgetCollectionInterface

QxtDesignerPlugins

```
classDiagram
    class QObject
    class QDesignerCustomWidgetCollectionInterface
    class QxtDesignerPlugins
    QObject <|-- QxtDesignerPlugins
    QxtDesignerPlugins <|-- QDesignerCustomWidgetCollectionInterface
```

The diagram illustrates the relationships between three Qt-related classes. At the top, there are two boxes: 'QObject' on the left and 'QDesignerCustomWidgetCollectionInterface' on the right. Below them, centered, is a box for 'QxtDesignerPlugins'. A horizontal line with upward-pointing arrows at both ends connects the bottom of the 'QObject' and 'QDesignerCustomWidgetCollectionInterface' boxes. A vertical line descends from the center of this horizontal line to the top of the 'QxtDesignerPlugins' box, indicating that 'QxtDesignerPlugins' inherits from 'QObject' and implements 'QDesignerCustomWidgetCollectionInterface'.
