

QxtDiscoverableServiceName

```
classDiagram
    QxtDiscoverableService --|> QxtDiscoverableServiceName
    QxtDiscoverableService --|> QxtServiceBrowser
```

The diagram illustrates a class hierarchy. At the top is the class `QxtDiscoverableServiceName`. Below it are two classes: `QxtDiscoverableService` on the left and `QxtServiceBrowser` on the right. Both `QxtDiscoverableService` and `QxtServiceBrowser` have arrows pointing upwards to `QxtDiscoverableServiceName`, indicating that they inherit from it.
